WORK EXPERIENCE

Aspireit

Full Stack Developer Intern

Dec 2024 – March 2025

- **Frontend Development:** Developed and optimized interactive UI components using React.js, improving user experience and responsiveness.
- **API Development & Integration:** Built and integrated RESTful APIs and GraphQL services using Node.js and Express.js, ensuring seamless communication between the frontend and backend.
- **Database Management:** Designed and maintained efficient database schemas in MongoDB, PostgreSQL, and MySQL, improving data storage, retrieval speed, and scalability.
- **AI Feature Implementation:** Integrated machine learning models into web applications.

Future Steps Solutions

Web Developer Intern

Jan 2024 – June 2024

- Developed responsive and visually appealing UIs using React and Tailwind CSS.
- Optimized website performance, accessibility, and cross-browser compatibility.
- Collaborated with designers and developers to deliver modern, user-centric interfaces.

SKILLS

- **Frontend:** React.js, Typescript, Redux, Next.js, HTML/CSS, Tailwind CSS, Bootstrap, JavaScript
- **Backend:** Node.js, Express.js, MySQL, MongoDB
- **Others:** GitHub, Java, Figma, Authentication, JWT, Cookies

PROJECTS

- **E-Commerce Site**

Technologies used: Node.js, React JS, Express JS, MongoDB

Description: Built a MERN-based e-commerce site with user authentication, product listing, cart management, and order processing. Optimized performance with pagination, filtering, and lazy loading. Designed a responsive UI using Tailwind CSS.

- **Restaurant App**

Technologies used: Next.js, React JS, TypeScript, Tailwind CSS

Description: This is a modern and responsive restaurant app featuring a menu, about, and reservation section. The menu is well-organized into starters, main courses, and desserts for easy browsing. Smooth animations enhance user engagement, and the reservation system allows customers to book tables effortlessly.

- **News App**

Technologies used: React JS, Bootstrap, Tailwind CSS, RESTful API

Description: Developed a responsive news application using React.js and Bootstrap with category toggling for real-time news updates. Integrated APIs to display news across multiple categories like technology, sports, entertainment etc.

EDUCATION

Institute of Engineering and Technology

Bachelor of Engineering in Electronics and Communication Engineering

Agra, India

July 2020 – August 2024
